Professional Summary

QA Engineer with 4+ years of experience in manual, regression, API, and automation testing across enterprise systems. Experienced in banking and utilities platforms, focusing on test design, defect management, and collaboration with developers to deliver stable, high-quality releases.

Technical Skills

- Manual Testing (Functional, Regression, Integration, UAT)
- Test Case Design & Test Planning
- API Testing (Postman)
- Automation Testing (Playwright, Selenium)
- SQL Data Validation
- Defect Tracking (Jira)
- Agile / Scrum Workflow
- Cross-Browser & Mobile Testing

Tools

- Jira
- Postman
- Playwright
- Cypress
- Selenium
- SQL
- Qtest
- Jenkins
- Gatling
- Zephyr
- Git

Work Experience

Senior QA Analyst

Accenture | 2021 – 2025

- Executed manual and automation testing for enterprise systems supporting Australian banking and New Zealand utilities platforms.
- Designed and maintained test plans, test cases, and regression suites for multiple releases.
- Performed functional, integration, and end-to-end testing across complex workflows and system integrations.
- Conducted API testing using Postman and validated backend data using SQL.
- Logged and managed defects in Jira while collaborating closely with developers for resolution.
- Tested smart meter lifecycle processes and digital banking credit/debit card workflows.

Education

- **Mapua Institute of Technology** (2013 - 2019)
  B.S. Information Systems

Certification

- **Playwright: Web Automation Testing From Zero to Hero**

Key Achievements

- Sinag Award Recipient – Recognized for exceptional service and contributions to project quality, team collaboration, and delivery reliability.
- Rapid Automation Adoption – Learned and maintained a Cypress automation framework mid-sprint, enabling the team to stabilize automated regression coverage without delaying release timelines.
